Summary: What is it that kids need to know about dogs? How to be safe around dogs, how to recognize what a dog is doing, and how to learn the right way to train a dog are three good places to start. And, of course, it's really cool if the authors understand kids and speak their language, which in the case of *Good Dog!* they do because the authors are kids themselves. A fun and educational book on dogs, written by kids for kids!

KIDS AND DOGS - A PROFESSIONAL'S GUIDE TO HELPING FAMILIES
